The advent of globalization and its attendant issues have alerted the foundational backdrop of the legal culture and the activities centered on law, which demands serious attention of the policy makers and intellectuals. Law is no longer confined to its traditional paradigm of being identified as a mere discourse which controls external human conducts and ensures social justice. Law is slowly revealing itself as an essential medium of change as it has proved to be a constructive and useful mechanism for implementation of economic policy, thereby strengthening the foundation of economy. The new nation of law and jurisprudence demands a different attitude to legal studies and research. All this necessitates Lawyers, Academicians and Researchers with exposure and skill to play a crucial role in chartering the course of our nation with sensitivity, vision, conviction and dedication. This requires institution of high standards, which will stimulate intellectual inquiry and Excellence. In view of this, J. P. College of Law will not only imbibe the tradition of multi Disciplinary approach to the legal studies and research but also will make a genuine endeavor to propagate such approach to both the privileged and unprivileged learners and researchers of law and jurisprudence and thus strive to emancipate such interdisciplinary culture from the elitist dogmatism and carry the same to the grassroots level of the society. The Institution will earnestly aspire to strengthen the foundation of democratic and social values in our young generation and mould them into “social engineers” who will work towards building a “New India”.
